

Help Conserve Santa Barbara's Water!

Please Serve Water to Customers by Request Only!

By serving glasses of water only upon request, restaurants can save hundreds of gallons of water and help promote water conservation and awareness in Santa Barbara.

Please help save water by:

- 1) informing your staff to serve water only upon request
- 2) printing a note on your menu
- 3) or if there is interest, the City will print table signs

Save water and money with **rebates** on:

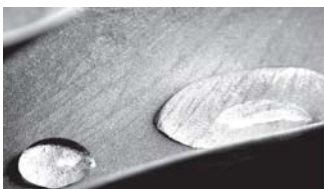

- high efficiency toilets and urinals
- high efficiency clothes washers
- air-cooled ice machines
- pressurized waterbrooms
- water wise landscaping and irrigation equipment
